Alfred M. Love, WASHINGTON, D. C., Aug. 29 1900.

Dear Friend,

I am back in Wash. again, having been absent in Oklahoma nearly 10 weeks, and for practically 3 or 4 months, all peace matters have been flatted out. The Peacemaker, Universal Peace Union, the Mystic Meeting, the 14th Congress at Stockholm which I had partly arranged to attend, have all been neglected in my effort to close up finally my affairs with the Cherokee Indians, and see their money distributed to them. The latter has been done, but my collections have been small, difficult, and in many ways discouraging; but I am home again, safe, well, and comfortable, and in sound disposing mind and memory, and am taking up the head of my business to straighten them out the best I can. Your letter to me about the

18th or 19th of June did not reach me until after I left Wash. was not forwarded to me, and I only read it yesterday. I have now mislaid it, and will not attempt to answer it, but you must have misunderstood what I intended to say. What I meant to say was that I would give \$10. towards the Mystic taxes, and left the money for the Bureau for further consideration.

Tell me when you answer what has been done about the Taxes, as it is not expedient to pay anything unless we pay all. We ought not to be taxed at all for that price of stony real estate that can not be cultivated, and could not be sold to a farmer, and which we use only for the good of the people of the neighborhood. If we must pay the Tax, ask each one of the Trustees to pay \$10.

Tell me how the Mystic meeting succeeded, if you and Trabella went and the outcome and outlook. I have heard nothing from Stockholm.

I think without doubt the present Trustees can give a valid title for the Peace Temple property. Yours Truly
